

To: Telecommunications Service Providers

Letter of Agency

Effective immediately, the undersigned hereby appoints Communications Deployment Partners, LLC (CDP) as my agent, to act in my name and stead, for the explicit purpose of identifying an inventory of all current telephone lines and services assigned to voice or data communications, at all locations that are under my control throughout the United States. In the interest of expediency, this agency agreement shall provide CDP with the privilege of interfacing with all service providers, obtaining duplicate copies of telephone bills and/or Customer Service Records in order to process any changes approved by me. This Letter of Agency shall remain in effect until revoked in writing.

Your cooperation relative to this request is appreciated.
